Hello,

welcome to the PhD course PHDOF903 Literature review and publishing for PhD students at the University of Bergen. The course will take place 21-24 November 2016 at the Arts and Humanities Library, room UBBHF121. Please find the course description in the attachment to this e-mail.

In preparation of the course:

Please have a brief presentation of your PhD-project prepared for our first day. The presentation should be concise (about 2-3 minutes) and give an account of your thesis topic and of the aims and challenges concerning the literature review of your project. This will ensure that we get to know the projects and each other, and will be the starting point of our course.
### Course description

Overview

Day 1 (21.11., 9.15-14.00):
Literature Search and Academic Writing Issues

Day 2 (22.11., 9.15-13.00):
Introduction to EndNote

Day 3 (23.11., 9.15-14.00):
Subject Literature Search / Practical Work with Literature Review

Publishing and Networking
Day 1: Literature search and review

- Project presentations: Aims and challenges concerning the literature review
- Reviewing literature
- Introduction to literature search
- Academic writing in the humanities
Day 2: Introduction to EndNote

- Make your reference work more effective and reliable by using a reference manager like EndNote.
- You will be taught how to build your own EndNote library, how to use EndNote while referencing in the text, and to generate literature lists in the end.
Day 3: Subject literature search

Individual tutorials with the academic librarians at the University of Bergen Library

• Introduction to specialist databases
• Academic writing: different standards of referencing in different subjects, genre of thesis, …
• Meet the academic librarian of your subject
• Practical work with literature review in Endnote
Day 4: Publishing, copyright issues, networking, research

- Publishing and Open Access with DST
- Bibliometri, research network online, social Media
- Workshop (Create researcher profiles in social networks) "Applied networking" (use of social media in research)
- Funding
Research workflow in the humanities

Literature search

Literature review

Writing with literature
Information literacy

→ Not only searching and finding information, but also handling of information

• How to reference
• How to manage references
• How to evaluate sources (profesjonalisering: bibliometri)
• How to cite (formal standards, copyright, but also a matter of writing, especially in the humanities)
• How to write
Academic writing on ph.d.-level?
WRITING
New to PhD?

**REVIEW AND DISCOVER**
- reviewing literature
- discovering your field
- systematic review searching
- referencing
- reference managers

**SHARE AND PUBLISH**
- reasons to publish
- where to publish
- submitting articles
- co-authorship
- copyright
- Open Access

**EVALUATION AND RANKING**
- citation impact
- bibliometric funding - Denmark
- weighted funding - Norway
